

## LAMINATED KEY TAG

*text must stay within the 1/8 inch dashed lines.*

⊗ Document Size

⊕ Bleeds - If you want your image to extend to the edge of the card, a bleed of no less than 1/8" should be used.

### General Guidelines

#### Linked Graphics

Include all linked fonts and images.

#### Create Fonts to Outlines.

(This helps eliminate font issues and speeds up your order)

#### File Formats

We Accept: .ai, .eps, .pdf, .psd, .tiff, .jpg, .png

#### Bleeds

Please allow for a 1/8" bleed on your cards where printing runs off the edge.

#### DPI

If sending raster images (.psd, .tiff, .jpg, .png) make sure your DPI is at 300 or above.

*Lower quality images will result in poor print quality.*
